The Community Planning and Physical Services Committee met on Monday, March 16, 2015, at 6:30 pm, in Town Hall, Room 312, to discuss the following:

## AGENDA

1. Hayes-Whiting House  
**The Committee heard a discussion from a resident about a house at 219 North Main Street that has potential historic value. Although there is no threat to this residence, he expressed concern about the demolition of older structures that have potential historic value.**
2. Special events  
**The Committee was given a list of special events that will occur this spring. A further discussion on the cost of these events to the town will be discussed at a future meeting.**
3. Resolution – reprogramming development funding  
**The Committee discussed a resolution to reprogram existing funds that were set aside for a technical evaluation of the hotel site and not completely used. The administration would like to place these funds in a separate account to be used for similar analyses in the future. The Town Manager will propose a resolution for this reprogramming of the funds for the next Council agenda.**
4. Center storm system  
**The item was not discussed.**
5. Spring road repair  
**There is concern that the harsh winter may result in additional deterioration of our streets and that may require additional funds be allocated for the coming year. The staff will be evaluating our needs for road improvements and reprioritizing the work schedule for this spring.**
6. Community Services Budget  
**Mark McGovern discussed the Department of Community Services budget for FY2016.**

7. Public works update  
**The Committee did not discuss this item.**
